

10 CENTS PER WEEK

Louisville, Ky., Sept. 9—Two hundred and fifty freight car builders at the Jeffersonville Ind., car works struck this morning for a 25 per cent increase of wages.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother.

THE COCK AND THE FOX.

Find the Hound.

A Cock, perched among the branches of a tree, crowed aloud. The shrillness of his voice echoed through the wood; and the well-known sound brought a Fox, who was prowling in quest of prey, to the spot. Reynard, seeing the Cock was at a height, set his wits to work to find some way of bringing him down. He saluted the bird in his mildest tones, and said: "Have you not heard, cousin, of the proclamation of universal peace and harmony among all kinds of beasts and birds? We are no longer to prey upon and devour one another, but love and friendship are to be the order of the day. Do come down and we will talk over this great news at our leisure." The Cock, who knew that the Fox was only at his old tricks, pretended to be watching something in the distance; and the Fox asked him what it was he looked at so earnestly. "Why," said the Cock, "I think I see a pack of Hounds yonder." "Oh, then," said the Fox, "your humble servant must be gone." "Nay, cousin," said the Cock, "pray do not go; I am just coming down. You are surely not afraid of Dogs in these peaceable times." "No, no," said the Fox; "but ten to one whether they have heard of the proclamation yet."

MOORHEAD. The fox and cock are both out to be the end of the world. The fox is the end of the world, and the cock is the end of the world.

TIME EXTENDED.

RAILROADS GIVEN UNTIL OCT. 15TH TO PUT ON SAFETY APPLIANCES.

The interstate commerce commission has extended until October 15 the time within which railways must complete their equipment for compliance with the safety appliance act. The commission will meantime consider the further extension of the law and the question of the location of grab-irons on engines. In the sitting of August 6, the Boston and Maine appealed for time for putting automatic couplers on locomotives, and making the coupling equipment on passenger cars uniform with locomotive equipment. The Colorado and Southern wanted time for equipping its narrow gauge passenger locomotives with driver brakes, while the Atchafalaya, Topoka and Santa Fe wanted the requirement of grab-irons on fronts and sides of locomotives dispensed with. The appeal of the other roads related to the equipment of 50 per cent of the cars in all trains with air brakes.

RARE RELIC

CURIOSITIES UNEARTHED OF A GREAT AGE.

Paris, Sept. 9.—In the Vendee, near Trousepoil, interesting archaeological discoveries have been made, dating back to the Roman period, by Doctors Lacomme and Baudouin. They have discovered a number of Gallo-Roman sepulchers, some treasures, coins, a series of beautiful Gallo-Roman vases in perfect state of preservation, leather sandals and some primitive agricultural implements, as well as the skeletons of a number of domestic animals of the period.

Near by, at Silvatoile, other discoveries have been made of dolmens dating back to the Druidic period before the Roman conquest. Rare treasures have been found from time to time in Anvergne. The latest discovery was made at Audjerne, where a treasure box full of silver and gold, weighing nearly 200 pounds, was discovered under a slab in an old manor owned by Dr. Pitou, a retired naval surgeon. There are coins belonging to every period of the reign of Louis XIV. and of Louis XIII. The treasure, according to French law, will be divided between the proprietor of the manor and the workmen who discovered it.

It is reported that Lord Lansdowne, British foreign government secretary, is to resign from the cabinet.

"True Fruit"
Juice 14 sphares
SOULE'S

HEAVY ARMOR.

WILL BE USED THIS YEAR TO PROTECT FAST HALL PLAYERS.

Heavy protecting armor of this year's football players will be a good deal different from that of last year's gridiron hero. The armor will be able to protect all right as before, but it is intended by the new rules that opposing players will not be injured at the same time. This is especially true of the head gear.

The rules committee has passed a regulation that if head protectors are worn they shall no longer be made of sole leather, paper mache or other hard and unyielding material. Moreover, all other devices for protectors must be so arranged and padded, as, in the opinion of the umpire, to be without danger to other players.

To meet these requirements there is now on the market a new headdress made of soft leather, fitting the head closely and having a pneumatic crown sufficient to afford absolute protection. Ventilation is provided through heavy felt.

Next in importance to the pneumatic headdress is the leg and shin guard, made after a model submitted by Coach Warner, of the Carlisle Indian school. The old arrangements of separate protectors for each of the parts covered by this arrangement was really a makeshift. The movements are not retarded in the slightest degree.

Heavy wool felt is used in padding the guards both inside and out. Another arrangement for which Mr. Warner is also responsible consists of a shoulder guard molded to the form and heavily padded both inside and out with wool felt.

HATCHED SOON.

EGG ALLEGED TO HAVE TURNED INTO CHICKEN IN THREE HOURS.

The Sun is in receipt of a communication from St. John's, this county, stating that an egg laid one day was laid on a fence post the same day on the John Neighout farm, and hatched in three hours. The egg was put there at noon and hatched at 3 o'clock and the chicken is still alive and healthy.

CROUP.

Usually begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, the child will cry for it, and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment externally to the throat. 50c at DuBois, Kolb and Co.

The Saxons and Prussians are engaged in a war on historic ground where famous battles were fought.

CROPS OF KENTUCKY HICKORY IS SCARCE

The Drought is Being Seriously Felt Now.

Imperial Tobacco Company Invades the Owensboro Market.

DEATH AT UNIONTOWN

DROUGHT IS FELT.

Louisville, Ky., Sept. 9.—The crop bulletin for the week ending September 8 is out today and shows the increasing evil effects of the drought, which has grown considerably since last week. The crops in this section are reported generally as suffering severely and the indications are, unless relief comes soon, that the winter supply of feed stuffs will be materially curtailed. It is thought at the local office, however, that a change for the better is in early prospect and rain is predicted today.

The official report is as follows: "The first of the week was cool, but the temperature soon arose and the latter part was quite warm. With the exception of a few light local showers the week was entirely dry and the drought is becoming very severe in many localities.

"The early corn and tobacco crops were too far advanced to be injured, but the late fields are suffering severely.

"Considerable tobacco is being cut prematurely on account of 'firing' on the hill. The early tobacco is being rapidly cut and housed in good condition.

"Early corn is being cut and shocked under favorable conditions. The corn crop was very promising and the early corn is turning out well, but the late planting is being injured severely by the drought, which will lower the total production considerably.

"Pastures are falling and in some localities water for stock is becoming scarce.

"Sweet potatoes are doing very well and promise a good yield. Gardens are drying up and apples are dropping badly. Sorghum is generally reported to be in good condition.

"Severe local hailstorms last week caused great damage in Gallatin and the northwestern portion of Grant county.

"Plowing for winter wheat has been stopped by the dry weather, but other work is well up."

OWENSBORO TOBACCO CHANGES.

Owensboro, Ky., Sept. 9.—The Imperial Tobacco company has established a branch here, leasing the large factory of W. H. Clarke & Sons. Mr. E. H. Clarke has been appointed manager. The Imperial Tobacco company is the English trust. It will buy direct from the farmers.

The fact was announced this afternoon and has created a stir among the local buyers, several of whom announce that they will not be in business this year.

CHURCH DEDICATION.

Sturgis, Ky., Sept. 9.—The new Chamberland Presbyterian edifice, the handsomest in the city, will be dedicated September 20. The Rev. H. S. Williams, of Memphis, will officiate assisted by the pastor, the Rev. J. C. Middle, who has been the local minister of the congregation for the past seven years. The building of the handsome house of worship is greatly due to Mr. Hiddles untiring efforts.

DIED WHEN NINETY-TWO.

Uniontown, Ky., Sept. 9.—"Uncle" Carmen Powell was buried today. He was a brother of the late Governor Powell and uncle of the mayor of Henderson. Strong physically and mentally he lived to be 92 years old, and was ill only a few weeks. His wife lived until a few months ago. They had no children. He had amassed considerable property.

QUITE ANOTHER VERSION.

It is said Mr. John Lovett simply eat L. K. Taylor up alive at Benton Monday. Taylor was only cheered by one man during his speech and he was a Republican.—Mayfield Messenger-Democrat.

DEATH IN GRAVES.

Mayfield, Ky., Sept. 9.—Mrs. Jane E. Willis died of infirmities of old age at the home of her son, Mr. A. L. Willis, at the age of 77 years. Mrs. Willis came here about one year ago from Christian county.

The Supply is Rapidly Becoming Exhausted.

The Slaughter of the Valuable Wood Should Cease at Once.

HANDLE MAKERS MET.

The rapidly diminishing supply of hickory, which has recently caused alarm among manufacturers of hickory products was the subject under discussion at the meeting of the hickory handle manufacturers' association at St. Louis a few days ago.

There were present at the meeting sixty persons, representing hickory handle manufacturers who produce 90 per cent of the product that supplies not only the United States, but England, Germany, China, Australia, South Africa, and the South American countries. These representatives were from all over the United States, and the early part of the meeting was consumed in listening to reports regarding the supply of hickory from the different sections. These reports brought out the fact that practically the entire supply north of the Ohio river has been exhausted. In this territory, it was said, the supply is confined to a few states in the south and southwest.

The association believes that if the situation is impressed upon the public the slaughter and waste of hickory will be stopped. There is nothing yet suggested that will take the place satisfactorily of hickory. The manufacture of buggies, which has been greatly increased within the past few years, has made great inroads on the supply. According to the statements made by several representatives though the plants have the capacity, the manufacturers have not been able to meet the demand on the market on account of inability to secure the raw product.

The market price of green sawed hickory is \$30 per 1000 feet. Manufacturers buy it, however, in any form that it can be secured, and various prices are paid. During the past seven months the price of hickory products has advanced 100 per cent, and there are vague intimations that the price will go up higher during the next few months.

It was positively stated, though, that a uniform raise in the price of hickory handles had not been discussed and that no such proposition was contemplated when the call for a special session was made by the president, Charles D. Gates, of Louisville, Ky. Another meeting of the association will be held in St. Louis October 10. At its close a banquet will be served.

CALLOWAY DEATH.

Murray, Ky., Sept. 8.—Pen Colle, who lived eight miles west of this place, died of typhoid fever. He was about forty-five years of age and left a family. He was a brother of James Cole, the ex-postmaster of this place.

DAILY THOUGHT.

The supreme happiness of life is the conviction that we are loved—loved for ourselves; say, rather, loved in spite of ourselves.—Victor Hugo.

THE WEATHER.

Partly cloudy tonight with probable showers in the west portion. Thursday cooler weather.

SAME OLD ARGUMENT.

The Democratic state handbook is out and is evidently designed to deceive no one unless it be the Democrats themselves. It will not get the party any votes and will in all probability fail in its evident purpose of drawing back into the fold the backslider. It is a Goebel affair. Its greatest argument is that Senator

CONSTITUTIONAL AMENDMENT

To Be Voted On at the November Election.

CHAPTER 50.

An act to provide for an amendment to Section 181 of the Constitution of Kentucky.

"The General Assembly may, by general laws only, authorize CITIES OR TOWNS OF ANY CLASS to provide for taxation for municipal purposes, on personal property, tangible and intangible, based on income, uses or franchises, in lieu of an inheritance tax thereon;

Provided, cities of the first class shall not be authorized to omit the position of an ad valorem tax on property of any steam railroad, railway, ferry, bridge, gas, heating, telephone, telegraph, electric or electric power company.

Goebel was killed. This argument is probably used although frayed at the edges, because it is the only one the Democrats have left. It is easy to arouse the partisanship of many of the Democrats by reminding them of it, although they succeeded in stealing all the state offices from the Republicans but one, despite the untimely death of their leader.

If everything else about the Democratic handbook is as palpably untrue as the pardon record, however, it will never take a premium at a veracity show. There have now been shown 29 pardons in Breathitt county granted by Governor Beckham, where only seven were reported in the "official list," five in Carter were suppressed; one unreported in Knott, and twenty others that have been "forgotten," according to the Louisville Herald, which has been taking more trouble to get at the facts than we have, and makes the above claims. In addition this does not show the number of convicts paroled. A parole is virtually a pardon, and as the prison board refused to make public its records, it is impossible to ascertain how many prisoners have been released on parole by the board, which no doubt does anything asked by the governor. These things go to show that the Democrats are not willing to "fete fair" in giving administration records if the reports credited above are true, and they will find in the end that honesty is the best policy.

AN EASY VICTORY.

It will not be long until the present trials and tribulations of the Democrats will dwindle to nothing in comparison with those to begin later on. With their candidate for governor of the state ineligible should he be elected, and the probable nominee for mayor of Paducah likewise ineligible, the Republicans may win even should they lose.

But they will not lose. They will win both in the state and in Paducah. The Republicans will have no scarcity of campaign material. In fact all they have to do is to republish the things the Democratic papers have been saying about the Democrats both in the state and in the city. There is a wealth of it, and it will be all the more powerful because it is from the Democratic press itself and they cannot gainsay their own assertions. Let the fight go on. The Republicans are resting easy.

The Ohio Valley convention at Evansville October 14 and 15 is to be one of the most important meetings of the year, and its work, which has assumed vast proportions in recent years, should be encouraged by everybody, Paducah not excepted. There should and doubtless will be a large and representative delegation from here, and in time good results from the association's efforts will begin to manifest themselves, even if they do not at once. Congress cannot long withstand the pressure of such a powerful movement, backed, as it is, by a cause that deserves and is sure to triumph.

The ordinance passed by the council imposing a \$500 license on itinerant clothing dealers for coming here and doing business, seems to be a good one. Many of them come into a town, advertise a lot of clothing as slightly damaged by fire, and unload lots of cheap or worthless clothing on unsuspecting people, to the detriment of the home merchant who stays here the year round, pays license and taxes and helps build up the city.

The assassin who fired the fatal shot at William Goebel should have been hung long ago, says the Globe-Democrat, and he would have been singled out and executed if conspirators against the ballot had not preferred to hide the murderer in order to persecute Republicans who were elected to office but robbed of the places bestowed upon them by the people.

LIVELY RUNAWAY.

COLORED DRIVER JERKED OUT OF BUGGY AND HURT.

Homer Force, colored, was on his way this morning to the fair grounds with two race horses, one of which he was leading behind his rig, when the animals took fright at a street car near Tenth and Harrison streets, and ran away. Force was jerked out and badly bruised and skinned up, but not seriously hurt, and the rig was shattered two blocks away by contact with a telephone post.

Love and business seldom agree; a man is really in love business notice is apt to go to the bow.

If a woman in forgive a great wrong the offender should realize that he may not really forget it.

FOR AN \$18,400 CLAIM IS NOW COMPANY 1

Louisville Warehouse Co., Proceeds Against Paducah Firm

Z. C. Graham & Co. summoned to Louisville September 18 to Fight Involuntary Bankruptcy Papers.

WILL CONTEST THE CASE

Proceedings have been instituted in the federal court at Louisville to force the tobacco warehouse firm of Z. C. Graham & Co., of Paducah, into bankruptcy, and this morning Deputy U. S. Marshal Sydney Hubbard served papers on Mr. Z. C. Graham, head of the firm, to appear before the court at Louisville on September 18 and show cause why the firm should not go into involuntary bankruptcy.

The Graham firm has had a warehouse at 12th and Broadway for the past year. Mr. Z. C. Graham has been a dealer in loose tobacco here and at Grahamville for the past twelve years and is one of the best known tobacco men in the state.

The papers served today are based on a claim of \$18,400 held by the Louisville Tobacco Warehouse Co., Louisville. Mr. Graham stated to a reporter that he did not think the action would have any effect on his firm, and will keep on just the same, and fight it. He says that the plaintiffs, the Louisville concern, now have almost enough of his tobacco to satisfy the claim, and he does not regard the action taken by it as justified.

CLAIM PAID

AND THE DICK CLYDE WAS RELEASED TODAY.

The steamer Dick Clyde against which a libel for \$260 was served yesterday by U. S. Deputy Marshal Sidney Hubbard for Langstaff-Orme and Co., was released this morning, the claim being paid by Mr. L. B. Bell of Kuttawa, one of the owners of the boat.

AGAIN CONTINUED

THE COX CASE COULD NOT BE TRIED TODAY.

The case against Mrs. Cox and the Burtrams, at Benton, charged with poisoning Bill Cox there two weeks ago, was called this morning and again continued on account of the absence of Dr. M. M. Cooley, of Paducah, who made an analysis of the stomach for poison and found none.

New Discovery of Science.

Hitherto Tyndall's theory that the azure tint of the sky is due to minute corpuscles in the air has been accepted. Prof. Springer of Liege has proved that the blue of the sky is purely electrical in origin, and an essential quality of the air.

Three to One.

The failure of the formalin injection in the case of Editor Gonzalez weakens faith in the New York discovery that it was a remedy for blood poisoning. Nevertheless the fact of three successes against one failure should not discourage investigation.

Woman and Her Conscience.

When a plugged dime is passed on a woman she argues with her conscience that it would be a sin to attempt to pass it, but puts it in her purse, knowing that some day it will be pushed along when she is not thinking about it.—Athens Globe.

A Foolish Question.

Henry Wall of the New York bar tells the story of a man who was asked if he was a somnambulist. "Certainly not," he replied. "If I were, I would be on the police force yet."

Some men fail to understand the difference between their souls and stomachs. They make poor digestion for religious doubts and spiritual wrestlings.

Indians as Cotton Pickers.

Choctaw Indians are being imported to pick cotton in Mississippi. They are quick and active, nimble of finger, and after a few weeks' practice can pick as much cotton per day as the best negro pickers.

Masks for Automobiles.

Gelatin masks for automobile riders, with metal plates to protect the eyes, are a new Parisian invention. The masks are colored and cover the chin and throat; they fasten behind the head with straps.

Japan's First Bicycle Factory.

The first bicycle factory in Japan is about to start with large capital. The first bicycle factory in Japan is about to start with large capital. The first bicycle factory in Japan is about to start with large capital.

Official Distinction Given the Wheeler Guards

It is Assigned to the First Battalion Under Major Watt. First Regiment.

LEAVES HERE SEPT. 30.

The Wheeler Guards, the local military company, has been assigned to the First battalion of the Third Kentucky regiment under Major E. H. Watt, the assignment having been received here by Captain James Caldwell this morning.

The local company will hereafter be officially known as Company 1, not the Wheeler Guards. This latter name will be used here although not in the regiment. The company had not been assigned heretofore to any battalion and will be one of the few companies furnished the new Craig-Jorgenson gun. All companies in the first battalion will be furnished with these guns.

Orders for encampment were received this morning by Captain James Caldwell. The boys will leave here on the 30th for West Point, where the big maneuvers will be held, and hope to capture some of the prizes offered in the many contests.

There will be an inspection of the local military company by Major Watts tomorrow night at the local armory.

BIG CLASS.

RED MEN EXPECT MANY NEW MEMBERS BY THE 15TH INST.

The Red Men, who are preparing to initiate a large class Friday night, September 18, expect to have from thirty to 50 new members for the work. The order is growing rapidly, and is one of the largest in the city.

In addition to inviting Governor Beckham, Colonel Morris K. Belknap, Republican nominee for governor, will also be invited during the carnival, from present intentions.

A WOMAN'S COMPLEXION.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25 cents; regular size, 75 cents. At all druggists. DuBois, Kolb & Co.

Taken

Suddenly With Pain Around Heart,

Shortness of Breath and Suffocation.

Dr. Miles' Heart Cure Cured Me.

"I read your symptoms of neuralgia of the heart and they corresponded exactly with my trouble. I was suddenly taken with pain around the heart, attacks of shortness of breath, and a suffocating feeling. I could not lie down for three or four weeks. My home doctor gave me no relief and I thought I would test Dr. Miles' New Heart Cure and Nerve Plasters. I got one bottle and a plaster and took the former strictly according to directions, besides, placed a plaster over my left breast. The deep seated pain was gone before the first bottle had been taken and I could draw a long breath for the first time in over a year. I took four bottles of the Heart Cure, and am convinced it saved my life and I think fully as well of the Nerve Plasters. They draw out soreness and pain and bring instant relief. I will add when my trouble was at its worst that the palpitation of my heart shook the bed under me. I could not think of lying on my left side, which was so sore that I could not bear the weight of my arm to rest on it. The disagreeable symptoms have left me and thanks to your Heart Cure. I can never praise it enough."—Mrs. C. BLACK, Charleston, S. C.

Sudden pains around the heart are known as heart spasms. The heart is a hollow muscle and heart spasms, or cramp, is similar to that of other muscles, except that the former are the frequent cause of sudden death. Dr. Miles' Heart Cure will cure and prevent. All druggists sell and guarantee first bottle Dr. Miles' Remedy. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

MISS GUNNIE SMITH, stenographer, over Globe Bank and Trust Co. Hours 8 to 12 a. m.

TRAIN WAS LATE—The train over the N. C. & St. L. road due into Paducah last night at 8:30, was delayed an hour and a half by breaking down on one side.

DEATH OF COLORED WOMAN—Isabelle Ingram, colored, age 52, died of typhoid fever last night early at 1121 Norton street and will be buried at Junction City, Boyle county, where the remains will be shipped today. She leaves several children.

PRAYER SERVICE—Prayer meeting at Tenth street Christian church at 8 o'clock. Subject: "The Allied Forces of Righteousness." References: Job 17, 2, 3; 2 Cor. 10, 11, 13. Mrs. Daisy Wallace, Leader. Rev. Mr. House is in the city and may speak. All will be welcome.

A SMALL BLAZE—The Central fire department was called to Thirteenth and Tennessee streets this morning about 11 o'clock to extinguish a blaze in the roof of a small house. The fire had caught from a defective flue and was out when the firemen arrived. No damage was done.

VISITING HOME—Lieut. Clarence Landrum, of the navy, was in the city last evening en route to his home in Southland on a visit to his father, County Clerk George Landrum. The young man is well known in Paducah, and will probably spend several days here before returning to his ship, which is in the Pacific ocean.

FOUND PHONOGRAPH—Mr. L. G. Orme, the mill man, has the remains of a small phonograph and several friends found in the river bank near Livingston's point while working Sunday. It is believed to be a relic of the City of Goleonda discovered which occurred August 18th, 1911, over two years ago.

MRS. DORIAN'S SCHOOL—Mrs. John J. Dorian will reopen her private school on Monday, September 14th, at her residence, 503 South Fourth street. Bertha, bookkeeping, Latin, and all the branches of the public school curriculum will receive careful attention. Hours, 9 to 11:30 a. m., 1 to 4 p. m., 7 to 9 evening.

READY FOR THEIR WORK—The street car company has received the new steel switch and the heavy trucks that are to be used on the streets that will be paved this fall. The rails are very heavy and guaranteed to last many years and are put down in such way that the street will not have to

DUBOIS, KOLB & CO.

HALF OUR ILLS ARE CATARRH.

(Letters From Two Prominent Men.)

CONGRESSMAN DUNGAN.

Congressman Irvine Dungan of Jackson, O., elected to the Fifty-second Congress as a Democrat, in a recent letter from Washington, D. C., says:

"I desire to join with my many friends in recommending your invaluable remedy, *Peruna*, to anyone in need of an invigorating tonic, and whose system is run down by catarrhal troubles. *Peruna* is a permanent and effective cure for catarrh and I would advise all who are afflicted with this disease to try this remarkable remedy."

Everybody is subject to catarrh. *Peruna* cures catarrh, acute or chronic, wherever located.

Hon. Thomas Gahan of Chicago, member of the National Committee of the Democratic party, writes as follows:

"I was afflicted with catarrh for fourteen years and though I tried many remedies and applied to several doctors I was not able to find a cure. I took *Peruna* for twenty-two weeks and am now entirely cured."—Thomas Gahan.

If you do not derive prompt and satisfactory results from the use of *Peruna* write at once to Dr. Hartman, giving a full statement of your case and he will be glad to give you his valuable advice free.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

be disturbed for many years to replace them.

OPENS A PIANO STORE—Mr. Frank Penn, the well known piano tuner and musician, has opened a piano store at Court and Third streets. Mr. Penn is a practical man in this business having worked with pianos for years. His store will be made headquarters for musicians and it is probable that all band and orchestra rehearsals will be conducted there.

PADUCAH OWNERS.

ARKANSAS LITHOGRAPH QUARRY SAID TO BE A RICH THING.

A telegram was this afternoon received from Capt. Geo. O. Hart, who went to Buford, Ark., last Sunday to inspect a lithograph quarry he, Mr. F. M. Fisher, and Capt. J. E. Williamson, of the city, and Mr. E. W. Vanghan, of Grand Rivers, owns, stating that it could not be better.

"This is good news to the owners, as the quarry may mean a fortune to them. There is now no quarry of this description in this country, and if it turns out as Capt. Hart's telegram would indicate, will be a big thing for the owners."

WARM TODAY.

BOTH THE WEATHER AND POLITICS, BUT ESPECIALLY THE LATTER.

Today has been the liveliest since the campaign for Democratic city offices opened up in Paducah and there have been scores of people on the street corners down town. The candidates have been hustling, rounding up the vote and there have been several altercations that came near ending in fights. As usual, everybody seems to have a cinch on the various nominations sought and the moodier is the bravest man of them all.

NEW STREET CAR SCHEDULE.

Night schedule for the street cars hereafter is as follows: Cars will leave Broadway and First streets for Dossett's station on the Broadway line and for the Trimble street division at 10, 10:30 and 11 p. m., and Fourth and Broadway for Union station at the same hours. The Jackson street and north end division of the Rowlandtown line cars will stop, however, promptly at 10.

Patrons please note.

PAD. CITY RY. CO.

THE SICK.

Miss Hattie Cud is ill at her home on Seventh and Broadway, her many friends will regret to learn.

Mr. Joe Woolridge, of the L. O. shops is ill.

Miss Beale Wilkerson has returned from visiting in Brownsville, Tex.

People and Pleasant Events.

RECITAL THIS EVENING.

Much social interest is felt in the musical recital to be given this evening by Miss Anne Bradshaw of this city and Miss Elizabeth Mulvihill of Cincinnati at The Kentucky, assisted by Mr. Robert Scott of this city and Miss Blanch Beckner of Louisville. The advance sale of tickets has been large and the prospects are for a very successful entertainment.

LAST PARK DANCE.

The last park dance of the season was given last night by some of the young society men at Wallace park.

Messrs. C. L. Dunlap and William Probst, the plastering contractors, went to Benton this morning to build a bank vault.

Misses Winnie and Hazel Cline have returned home after a visit to their sister, Mrs. Robert Ireland Reed in Nashville, Tenn.

Mr. F. M. Bondurant, late of the wharfboat here who recently resigned his position, left this morning for New Orleans to locate.

Mr. Carl Payear went to Paris, Tenn., this morning on a visit.

Master Allison Watts returned home yesterday after a week's visit to Master Roscoe Walker at his old home at Maxon Mills.

Mr. James W. Magnor, Sr., who has been visiting his uncle in Russellville for the past ten days returned home last night.

Mr. Milton Wallerstein has gone to Notre Dame, Ind., to attend college.

Mr. Dennis Halpin left yesterday for St. Marys to resume his studies.

Mrs. W. A. Wickliffe and son returned yesterday from a several weeks visit to relatives in Macon, Ga.

Mr. and Mrs. Joseph Rehkopf and son like will leave the last of this week for a several weeks trip through the south.

Mrs. James Clements has returned from visiting in Madison, Ind.

Mr. C. M. Bailey who has been running the vaudeville theater at Wallace park Casino, left at noon for Louisville on business. The show will continue to run indefinitely here.

Mrs. John W. Dicke and son and Mrs. W. M. Robinson left yesterday

COFFEE HEAT.

BARRED BY LIFE INSURANCE COMPANIES.

Coffee directly affects the heart and many life insurance companies now recognize "coffee heart" as a well defined disease and refuse insurance to those suffering from this trouble.

Leaving off coffee and drinking Postum Food Coffee regularly in its place quickly remedies this and puts the heart normal, healthy and steady again.

"I was examined for membership in the 'Woodmen of the World' about a year ago and the examining physician told me that I had 'coffee heart' due to coffee drinking and told me that I would have to stop or he could not answer for results. He said I would not doubt find it difficult to quit the use of coffee unless I drank well boiled Postum Food Coffee in its place and recommended Postum to me which he said would not only aid me to give up the coffee habit but would greatly help my health. My pulse registered over a hundred beats a minute and I was not admitted to membership in the Order but my application was held open for three weeks.

"I began the use of Postum according to the doctor's directions and was highly pleased with it and liked it better than the best of coffee. After three or four days the beating of my pulse began to diminish and at the end of three weeks it was normal and my application and examination papers were again sent to the Sovereign Physician of the Woodmen at Omaha with the result that I received my policy.

"Hundreds of people have I heard remark, 'O there's no harm in coffee.' Now I never dreamed the use of it was affecting me in the least and consider myself lucky that I underwent this examination just when I did and found out the truth about coffee from this physician. I believe that even when coffee is not suspected it is always doing ill and will in time hurt the strongest constitution." Name given by Postum Co., Battle Creek, Mich.

Look in each package for a copy of the famous little book, "The Road to Wellville."

ECZEMA SETS THE SKIN ON FIRE

No disease causes so much bodily discomfort, or itches, and burns like Eczema. Beginning often with a slight redness of the skin it gradually spreads, followed by pustules or blisters from which a gummy, sticky fluid oozes which dries and scales off or forms bad looking sores and scabs. It appears on different parts of the body but oftenest upon the back, arms, hands, legs and face, and is a veritable torment at times, especially at night or when overheated.

The cause of Eczema is a too acid and general unhealthy condition of the blood. The terrifying itching and burning is produced by the overflow through the glands and pores of the skin of the fiery poisons with which the blood-current is overloaded. While external applications, such as washes, soaps, salves and powders are soothing and cooling they do not enter into the blood itself or touch the real cause of the disease, but S. S. S. does, and purifies, enriches, and strengthens the thin acid blood and cleanses and builds up the general system, when the skin clears off and Eczema with all its terrifying symptoms disappears.

Send for our free book on the Skin and its diseases. No charge for medical advice.

W. M. JAMES

THE FINAL STRUGGLE

Paducah and Hoptown Now
Lock Horns for Last Place

Jackson and Paducah Fight Their
Final Battle and Jackson
Wins Again.

CAIRO IS STILL WINNING

Club.	Won.	Lost.	Pct.
Cairo	63	38	62 1/2
Clarksville	58	39	59 1/2
Jackson	49	44	500
Henderson	45	56	44 1/2
Paducah	42	58	420
Hopkinsville	42	58	420

Paducah at Hopkinsville.

CAN'T STOP HER.

Cairo, Ill., Sept. 9.—Yesterday's game was easy. Cairo, 6 6 2 Henderson, 2 5 4 Batteries: Christian and Evans. Dummy Derrick and Rutledge. Umpire, McManis. Derrick struck out thirteen.

CLARKSVILLE IS CROWDING.

Hopkinsville, Ky., Sept. 9.—Clarksville took the double header yesterday afternoon. First game, 4 to 2, and second game 13 to 6. Second game was an exhibition game.

Jackson will be seen in Paducah no more after today. The Red birds have been quite popular during the season, and yesterday afternoon at Wallace park took their third straight from Paducah. Today will end the season for Paducah and Jackson, and the little red suits will probably not be seen again on the local diamond for many a day.

The visitors had the same smooth sailing yesterday that they had in the other two games, winning by a score of 11 to 4. Freeman and Pettit and Best and Edmunds were the batteries and although the game at the start looked as if it might be interesting it wasn't, and the visitors made five runs in the first inning. Summary:

Paducah.	ab r h o a e

Paducah.	0 0 1 0 2 0 1 0—4
Jackson.	5 1 0 1 0 3 1 0—11

BASEBALL NOTES.

Captain Tom Clifford is in very bad shape. He strained himself running several days ago and nearly caused a rupture. He will probably be unable to be in the game again for some time.

Paducah went to Hopkinsville today for a final struggle for the title. Hopkinsville has been fortunate in keeping the position a portion of the time this season, but from the way Paducah played the last three games she stands a good chance to take it from her in the windup.

H. M. Betts has resigned from the Clarksville team to seek a position

Y. M. C. A. CONFERENCE

Local Y. M. C. A. Men Attending at Anchorage.

Secretary Hanna is to Read a Paper on "Needs of Young Men, Etc."

THE LOCAL DIRECTORS MEET

Secretary Stuart B. Hanna, Physical Instructor C. H. C. Burlingame and Assistant Secretary William D. Watson left this morning for Anchorage, Ky., to attend the annual state meeting of secretaries, assistant secretaries and physical directors of the Y. M. C. A., which began there today.

The general theme of this conference is "The Life of Young Men." The conditions and needs of young men in Kentucky and the associations relation thereto will be considered under four heads at as many sessions of the conference: First, socially; second, educationally; third, physically; fourth, religiously.

Secretary Hanna opened the discussion this afternoon with an address on "The Needs of the Young Men of Kentucky Socially," and Mr. F. J. Michel, Dr. H. E. Mechling and W. C. Paige, of Louisville, will discuss the other subjects in the order named. The conference will close Thursday afternoon.

The board of directors of the local Y. M. C. A. met last night at the association building. Some improvements recommended by Secretary Hanna for the gymnasium and bath rooms were adopted. Some general plans for the winter were also discussed but nothing definite was decided upon.

RED MEN

Promoter Arrives to Assist in Booming the Festival.

Governor's Day to Have a Place in the Week's Program.

A general committee meeting was held last evening at the Red Men's hall to consider the work of preparing for the big festival now less than a month off.

"Governor's Day" will be one of the features of the week, and Governor Beckham will be invited down. As the campaign is on it is not thought there will be much trouble in getting him to come.

A committee of five is to go to Louisville and arrange for an excursion out of that place and is expected that fully 1,000 can be brought down. There are many Red Men in Louisville who desire to come and they will if possible be given an opportunity.

Mr. Lou Dale, a promoter for the carnival company, is at the Palmer house to assist in the work of booming the festival and will be here several days.

his last game this season Saturday and entered the employ of Mr. Oliver today. Betts is a good all round player and the management regrets his decision to leave. The pitching corps at present consists of Deaver, Harris and Holmes.—Leaf Chronicle.

Today is an off day here but Paducah and Jackson will meet again and ladies are admitted free. Hudson and Edmunds will be the battery for Paducah and Millet or Cole and Pettit for Jackson. Millet has been troubled with a badly split hand but has been successful in pitching, having won four out of five games for the Jackson boys.

An effort will be made to get Paducah in the Southern or Central league next season. There will probably be a vacancy in one of the two leagues and Paducah's average attendance will be sufficient to get her in. It is practically settled that the teams in the K. I. T. league will not be supported sufficiently next year to form a league, all but Paducah having lost money.

Mr. Wynne Tully went to Murray this morning on business.

QUICK RELIEF

SLEEP

THE STATE BANKERS

Annual Convention Will Be Held at Hopkinsville.

About 250 of the State's Leading Bankers Are Expected to Attend.

PROGRAM TO SOON APPEAR

The eleventh annual convention of the Kentucky Bankers' Association will be held in Hopkinsville on Sep. 16 and 17. Extensive preparations are being made by the bankers for the entertainment of the delegates.

All the leading financiers in the state are expected to be present, and between one hundred and fifty and two hundred visitors are looked for during the convention. Mr. Edward B. Long, of Hopkinsville, is president of the association, and Mr. Isham Bridges, of Louisville, is secretary.

A strong program is being arranged. All of the sessions will be held at Hotel Latham. On the evening of the 16th a banquet will be given at the Latham. The guests will also be entertained during their visit at the Elks club rooms. Handsomely engraved invitations have been sent out to all the bankers in the state, and the program will be announced shortly. No pains will be spared to make the convention the most successful that the association has ever held. Mr. H. L. McPherson, of the Bank of Hopkinsville, is chairman of the reception committee, and Mr. Charles S. Jarrett, of the First National bank, is chairman of committee on arrangements.

WATCH FOUND.

A NEGRO TOOK IT TO PAWN BUT DIDN'T WAIT.

Last evening a negro entered the Cohen pawnshop on Second street and offered to pawn or sell a fine watch. As soon as Mr. Cohen looked at it he realized on account of its quality, that it did not belong to the negro, and told him so.

The negro said he would go out and bring in witnesses to prove that it belonged to him, and he is probably still looking for them, as he has never come back.

The police were notified and the watch proved to be the property of W. S. Collins, of Madison street, who reported the loss to the police Monday. The ticker is valued at \$75 and was taken from his trousers pocket, the trousers being left on the ice box on the porch. The negro was a stranger and has not been caught.

DIED IN LOUISIANA.

DR. DELIA CALDWELL AWAY BY DEATH OF RELATIVE.

Dr. Delia Caldwell has been called to Natchitoches, La., on account of the death of her sister-in-law, Mrs. Beverly Caldwell, wife of Dr. Caldwell's brother, who is president of the Louisiana state normal university. Mrs. Caldwell had been ill some time from typhoid fever, but was considered very much better, and her death was very unexpected.

She was formerly Miss Ida Underwood, of Owensboro, Ky., and was a niece of Mr. Charles Richardson, of the City National bank, of this city. She left besides her husband, two grown daughters and a small son.

Mrs. Caldwell was known here, having visited Dr. Caldwell and the news of her death will be received with regret.

FARMERS FOUGHT

ONE FORMERLY LIVED IN McCracken COUNTY.

Mr. Burnett, of near Melber, was called to Hopkinsville yesterday by a telegram announcing that his son had been shot.

The Hopkinsville New Era says of the affair:

"Julian Reynolds and John Burnett fought near Caledonia Monday. Both are farmers and the difficulty grew out of Reynolds' mule breaking into Burnett's crop. They had some words over it and then began shooting at each other with shotguns. Burnett was shot in the arm and Reynolds in the body. Neither was dangerously wounded. Both are white."

An occasional infatuation is a dangerous diversion in a humdrum existence.

OUTING SPOTS IN THE NORTHWEST

There are many places in the country of the Northern Pacific, some inexpensive, others better and more expensive, where one can spend the summer days pleasantly and healthfully. Among these are Walker in the Leech lake country, and Detroit and Battle Lake in the Lake Park region in Minnesota; Eaton's ranch, near Medora, N. D.; Hunter's Hot Springs in the Yellowstone valley, and Missoula and the Bitter-root valley in Montana; Lakes Pend d'Oreille and Coeur d'Alene, Idaho; North Yakima in Eastern Washington, and Green River Hot Springs in the Cascades; Tacoma, Seattle, Port Townsend, Port Angeles and Victoria on Puget Sound, and many places along the Columbia river and on the Pacific Ocean from Portland as a center.

Those east of the Mississippi who wish a decided change should go to the Rockies or the Puget Sound and Columbia river and sea coast country. We can only hint at these things here, but write us giving particulars as near as you can, and we will try to give you the needed information to enable you to find what you want. And don't forget that Yellowstone Park is the chief of all tourist shrines.

Send to Chas. S. Fee, General Passenger Agent, St. Paul, Minn., six cents for "Wonderland 1902." You need it in your business.

ELECTRICAL HEATING SPECIALTIES

Just Received

To Our Dorothy Dodd Customers and Also Those Who Have Never Worn This Celebrated Shoe.

DEAR FRIENDS:

YOU have the average health and the average strength of a woman of your age. Yet you find yourself unduly fatigued by a day spent upon your feet. This is not a question of your condition but a question of your shoes. It is just here that we can help you.

We have built our famous "Dorothy Dodd" Shoe on an entirely new plan

Not shaping it from guesswork measurements on a wood last, but using the actual bones, muscles, and ligaments of the foot as the last for the shoe, working entirely from "X-ray" photographs. The result is the most remarkable shoe you ever dreamed of, and one which makes no day too long for its happy possessor. We can never make you realize its comfort till you try a single pair. Won't you do this today?

Very truly,

GEO. ROCK.

French Lick and West Baden Springs

In the highlands of Indiana—a two hour ride from Louisville there flow wonderful healing waters, that you'd spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlsbad every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surrounding country, the air and the opportunities for recreation are better; the hotels and all accommodations are much finer at French Lick-West Baden Springs"—and this gentleman is a native of Switzerland.

The splendidly wooded hills with the cool invigorating air of these highlands where one can enjoy rambling in the depths of the forest, or strolling and drives among the numerous bridle paths and roadways, afford pleasure for those who desire rest and quiet while at the same time and in the same place one can have all the entertainment and pleasures possible at the most fashionable resorts.

Theatrical Notes.

Walker Whitehead will open a number of new theatres this season with his new play, "We Are King."

Gertrude Coghlan has returned from Prince Edward Island, where she has been spending her vacation, to begin preparations for her starring tour in "The Last of the Bosses."

Mr. Chris McMahon has received an offer to join the Uncle Josh Sprucey company which he was with last season, but he will not go on the road this year. Mr. McMahon is one of the best musicians in Paducah.

Miss May Stockton, last year a member of the English Stock company here, had two close calls a few days ago in Illinois. She is starring in "A Little Outcast" the same play she was in last year, and appears as a news boy. During one scene she has to light a pipe, and in so doing the match fell on her clothing and ignited it, but was extinguished before she was burned. That night the hotel caught fire and she again had a narrow escape from being burned or badly injured.

When Coriuno last played in Philadelphia, she visited a friend who has a little boy nearly six years old. "Some day at dinner," says Coriuno, "Robbie wanted pie before he has eaten anything else. His mother told him to have patience, whereupon his father asked him if he would rather have patience or pie."

"Pie," replied Robbie with emphasis. "But if you take the pie," continued his father, "there might not be any left for us."

"Well," said Robbie, "then you and mamma can have the patience."

To the lovers of pure and true in dramatic art the coming of Harry Beresford in J. M. Barrie's most important work "The Professor's Love Story" is an announcement of no mean importance. The career of this young man has been watched by the astute managers of the important circuits throughout the country and it will not be long ere he will, in all probability be playing Broadway the greater part of each season. As Prof. Goodville, Barrie's most lovable creation Beresford presents a characterization that bears the impress of actual genius. He made a hit in Paducah last season in "Wrong Mr. Wright."

The finest moving pictures ever seen in this country are those of the Gardner-Root championship fight, which was held at Fort Erie, on July 4th, when Gardner put out Root in twelve rounds. The blows which Root's manager claims were foully delivered, on account of there being delivered in clinches, are shown in several rounds. A remarkable thing about the first was the way that Root took punishment, and after being knocked down four or five times arose to his feet ready for more. Even after the knockout was delivered, he can be seen standing on his feet when McBride's arm is falling on the stroke of the tenth count. These pictures will be seen at The Kentucky next Monday night.

BETTER PROSPECTS

MR. ED WOOLFOLK LEAVES TO GET HIS BOAT OFF BAR.

Mr. Ed Woolfolk, the well known steamboat man, went to Cumberland river this morning to get his boat, the Monte Hauer, off Ingram Shoals.

The barge was grounded at that place more than eighteen days ago and the receding water made it impossible to get her off. The crew made every possible effort to free the craft before the water got too low but was unsuccessful and a rise had to be awaited. It is thought the river will reach a stage sufficient to float the boat off tonight.

MANY TIE MEN

QUITE A DELEGATION OF THEM HERE THIS MORNING.

A number of prominent Chicago tie men are in the city today.

Captain J. B. Lord, of the big Ayer-Lord Tie company, is here on business, and Messrs. W. T. Hayes, W. H. Holcomb, J. Murphy, S. N. Denney and George Rush, of the Holcomb-Lobb company, are also at the Palmer. Paducah is now the greatest tie headquarters in the country, and millions of them are handled out of here every year.

Mrs. O. B. Balthaser left today for St. Louis to join her husband who has gone there to locate in the wallpaper business.

LANG BROS. SUCCESSFUL.

INDUCED DR. HOWARD COMPANY TO MAKE SPECIAL PRICE.

After a great deal of effort and correspondence, Lang Bros., the popular druggists, have succeeded in getting the Dr. Howard Co. to make a special half price introductory offer on the regular fifty cent size of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles, that Lang Bros. are willing to return the price paid in every case where it does not give relief.

The old-fashioned idea of dosing with mineral waters, cathartic pills or harsh purgatives will soon be a thing of the past. The best physicians are prescribing Dr. Howard's specific because it really gives the desired results and on account of the small and pleasant dose that is needed.

Headaches, coated tongue, dizziness, gas on stomach, specks before the eyes, constipation, and all forms of liver and stomach trouble are soon cured by this scientific medicine.

So great is the demand for this specific, that Lang Bros. have been able to secure only a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon them at once, or send 25 cents, and get sixty doses of the best medicine ever made, on this special half price offer, with their personal guarantee to refund the money if it does not cure.

NEWS OF THE RIVERS.

Observations taken at 7 a. m. River 44 on the gauge, a stand. Weather clear and warm. Saunders A. Fowler, Local Observer.

Captain William Rutledge went to Oaks this morning on business.

The Dick Fowler cleared at 8 o'clock this morning for Cairo with a good trip.

The Pearce arrived and departed on time today for Golconda.

The Clyde will leave this afternoon at 5 o'clock for Tennessee river.

The Tennessee is due from Tennessee river tonight or tomorrow morning and will depart on return trip Saturday afternoon at 5 o'clock.

The Memphis passed out of Tennessee river en route to St. Louis yesterday afternoon late.

The Savannah is due today from St. Louis to Tennessee river.

The Avalon will leave Cincinnati today en route to Memphis and will pass down Sunday.

The Danbar was yesterday's Evansville packet and today the Richardson is due.

The Duffey went out this morning for ties into the Ohio river.

The Hook is due from Tennessee river today.

The Wilford has gone into Tennessee river after ties.

The W. W. O'Neil, Exporter and Alice Brown, the big Pittsburgh combine towboats which have been laying up here waiting for a rise, left this morning at daybreak for Cincinnati and Pittsburgh. The J. H. Williams and John A. Woot will leave today.

Mr. J. B. Lord, president of the Ayer & Lord Tie Co., is in the city today on business.

The Thomas Parker came up from Joppa this morning and will go out today or tomorrow into Tennessee river after ties.

BREATHITT TO WIN

IT IS SAID HE WILL HAVE A SAFE MAJORITY IN THE THIRD

A prominent politician from Murray today states that Judge James Breathitt, Republican nominee for circuit judge in the Third judicial district, from indications will win easily over Judge Cook for the place. There is a great deal of disaffection among some of the Democrats, he claims, which makes Judge Breathitt's chances doubly good.

HAYES' BEECHWOOD EMULSO-HYPO WITH IRON

Makes Fat, Strength, Blood, Bone and Muscle.

If you are tired, broken down, despondent, worn out, pale, losing flesh, have no energy, don't feel like arising in the morning for the day's work, you should take a bottle of this wonderful medicine.

It will do me no little pleasure to testify to the wonderful properties of Hayes' Beechwood Emulso-Hypo with iron as it saved my life when the physicians said that I could not get well. After taking six or eight bottles I weighed 140 pounds. That has been ten years and I am still living in due health. I wish you success in its sale, I am yours truly.

Dr. Hayes' Beechwood Emulso-Hypo with iron cannot commend it too highly to others as a tonic, flesh builder and to give strength, blood and muscle. It is superior to any preparation of which I have any knowledge. I take pleasure in recommending it. Yours truly, R. W. Newson, Pastor M. E. Church, South.

Read what the editor of the Southerner, Okolona, Miss., says: Shoffner-Hayes Medicine Co., Paducah, Ky. In 1901 my mother commenced taking Hayes' Beechwood Emulso-Hypo with iron, when the doctors said her lungs were so badly involved that she would not likely live but a few weeks. It improved her so rapidly that she was soon in good health for one of her years. I wish you the success you deserve with your Beechwood Emulso. Yours truly, Aaron G. Davis.

Suffered six years with a cough that threatened Consumption. Entirely cured by Beechwood Emulso-Hypo.

Shoffner-Hayes Medicine Co., Paducah, Ky. In 1901 I suffered for six years with a cough that threatened Consumption. This spring I took six bottles of Hayes' Beechwood Emulso-Hypo and it cured my cough, and I think I am entirely well. Yours truly, Miss W. H. Stewart.
